## 1.1 Задача 1

Условие задачи:

- a) Complete the text with the past simple, past continuous, or past perfect simple form of the verbs in brackets. You need to use passive voice twice.

Решение:

A few months ago, Mike **was working** on his computer at home when he **noticed** something strange. His email account **was being logged in** to from a different device that he didn't recognize. He quickly **changed** his password, but a few days later, he **realised** that his social media accounts **were hacked** as well. Mike **felt** really frustrated and **decided** to investigate. He **installed** a tracking program on his computer to see if anyone **accessed** his accounts without his permission. In a few days, when he **checked** the program, he **discovered** that someone had been using his passwords the whole time. It turned out that Mike's passwords **had been stolen** months before, while he **was using** public Wi-Fi at a café. He **didn't realize** it until now.

## 1.2 Задача 2

Условие задачи:

- a) Watch a video with some terms explained by non-technical people. Do the respondents know what the words mean? Put a tick (✓) or a cross (×) in the table.

Решение:

IT Concept	Respondent 1	Respondent 2	Respondent 3
Gif	✓	×	✓
Wiki	×	✓	×
Pixel	✓	×	✓
Byte	×	✓	✓
Cookie	×	×	✓
404 Error	×	✓	×
Phishing	×	✓	✓
RSS	✓	×	×

Пояснения:

1. **Gif**: Respondents misunderstood it as a video instead of an image format. 2. **Wiki**: Some respondents incorrectly thought it referred to a specific website. 3. **Pixel**: Misunderstood as a camera feature rather than the smallest unit of an image. 4. **Byte**: Confusion with other data units. 5. **Cookie**: Misinterpreted as something unrelated to web browsing. 6. **404 Error**: Mistaken as a general error, not "page not found." 7. **Phishing**: Misunderstood as legitimate account security. 8. **RSS**: Described incorrectly as software rather than a web feed format.
